## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see page 7 lines 19-29, page 8 lines 1-2 and 29-30, and page 9 lines 1-9, filed June 29, 2006, with respect to claims 15-35 have been fully considered and are persuasive. The 35 USC 103 rejection of claims 15-35 has been withdrawn.

### ***Allowable Subject Matter***

2. Claims 15-35 are allowed.
3. The following is an examiner's statement of reasons for allowance: claims 15-35 present allowable subject matter over the prior art since the prior art teachings do not teach of an implantable device for sensing/detecting whether a patient is in intrinsic rhythm when transitioning from a first posture to a second posture, in which the second posture is more upright than the first posture, and disabling increased pacing for a programmed duration of 5-120 seconds if the device detects that the patient is in intrinsic rhythm.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
